Arkham Horror	Simply incredible! Long but not that simple gameplay.
	It could be boring for a player who lost all his/her resources
Guns and steel	Not enthusiast of this game nothing exciting happens
Azul	Nice mechanics, personally never seen so far. Good quality
Bang!	Fast, competitive and a: I really like it!
Betrayal at House on the Hill	Every time the adventure is different, many many options.
	The betrayal starts always in a completely different setup
Boss Monster	Ehm Nice idea, but a few options available.
	Disappointed the boss doesn't have any power
Cash'N Guns	Bluff games with guns, try to catch as much treasure as you can
<u>Carcassonne</u>	Short, simple and funny games. For every kind of gamer
Cards against humanity	Do you like black humor? That's the game for you!
Once Upon a Time	Nice idea, stimulates crativity and storytelling
<u>Citadels</u>	I am not a fan, but my friends like it.
	Nice game for whom like to counter opponent's strategies
Concept	I am bad at it, but cool game for creativity and interpretation!
Cornwall	It seems to me a copy of Carcassonne, but I played it years ago
The Builders: Middle Ages	Small strategy game. Plan well how to manage cost and
	resources is fundamental.
Dixit	Simply cool and effective! Creativity and cunning are necessary
<u>Dobble</u>	The most competitive game in world, in my opinion!!
<u>Eclipse</u>	Meh Long term strategy games are not my favourites
	If you mess up at the beginning you are out for at least 2-3 hours
Essere o non essere	Think a name, put on your forhead, guess it.
	Hilarious with the good friends!
Exploding Kittens	Cats are adorable. Explosions are adorable. This is an
	adorable mixture. Simple and effective game
Fluxx	Something small to carry with you and good to spend 15 mins
Forza 4	The official game when I was in high school
Gatto mangia Merda	This is not the real name XD. Find a group. Each one writes
	down on a paper a sentence, folds and gives to the person its left.
	Each one has to draw something related to the sentence.
	Fold and give the paper to the next one. Write a sentence about
	the drawing. Repeat until each paper reach its original owner.
	Read each story and prepare yourself to laugh!
<u>Hanabi</u>	The greatest idea! Play without watchin your own card is
- Talland	awesome! Easy to fall in metagame, poker face is needed.
Happy Pigs	Farm management game, nice overall and very simple
Hive pocket	Trap the opponent's hive queen in a 1vs1 game like chess,
	no random variables involved
<u>Imagine</u>	Stress imagination to explain to the others titles with just pictures,
ппарше	try to think out of the boxes! Nice one
Raise your golbets	Didn't finish the game, my friends didn't like it
Innovation	One of my starter board game. Nice game, nice concept and cards,
<u>innovation</u>	
	but a bit buggy since depending on the context some cards may
